Message from the CEO - IMI

At IMI, we are continuously adapting our programmes to the changing needs of business. We listen closely to recruiters, bring greater agility into our curriculum, and ensure that our students are exposed to the skills, technologies and ways of thinking that matter in the workplace today.

Our goal is simple: we wish to prepare our graduates to be role-ready from Day 1, not just with classroom knowledge but also with application of that knowledge and the skills required for the job. Our new cutting-edge curriculum prepares graduates to learn continuously, contribute to the organization quickly, and adapt as roles evolve. We value our recruiters as partners in this effort and look forward to working even more closely with you to develop talent that is relevant, capable and ready for the future of work.

Message from the Director

At IMI Delhi, we believe that management education is as much about shaping perspectives and building character as it is about imparting knowledge. Our endeavor is to nurture responsible, thoughtful, and future-ready leaders who can navigate complexity, embrace change, and create meaningful impact.

We strive to create a learning environment that encourages intellectual curiosity, critical thinking, collaboration and the confidence to challenge conventional wisdom. Through a blend of academic rigor, industry engagement and experiential learning, we seek to bridge the gap between theory and practice while preparing our students for the evolving demands of the business world.

As technology, artificial intelligence and sustainability continue to reshape organisations and economies, we remain committed to an education that is contemporary, application-oriented and grounded in values. We believe that tomorrow's leaders must bring together analytical acumen, adaptability, empathy and integrity.

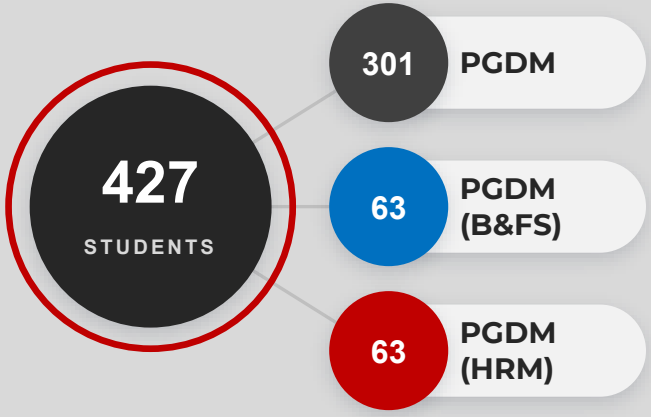

Our vision is to develop management professionals who not only excel in their chosen fields but also lead with purpose, contribute responsibly and make a lasting difference to the organisations and communities they serve.

Dear Partners,

IMI Delhi is strengthening its industry connect through a revised, industry-aligned curriculum designed around evolving business requirements. Artificial Intelligence (AI) and Environmental, Social, and Governance (ESG) principles are embedded throughout our curriculum, so our students are equipped with the skills that modern organizations increasingly seek. This is complemented by experiential, credit-bearing projects that give both students and recruiters meaningful exposure to applied capabilities. Our profile-based admissions process brings together a diverse talent pool, including students with strong technology backgrounds. Across our PGDM, PGDM (BFS), and PGDM (HR) programmes, we focus on developing industry-ready professionals who bring dedication, innovation, and a fresh perspective to every role. As we look ahead to future talent needs, we warmly invite your organization to engage with IMI Delhi. We would be glad to explore our talent pool with you for hiring, projects, and long-term industry partnerships.

> **Thank you for your time and consideration.**

From the Desk of the Head – Career Services

Dear Partners,

As the Head of Career Services at IMI, I am pleased to connect with you as we begin another placement season. IMI develops future-ready management professionals who combine academic excellence, business acumen, adaptability, and innovation.

Through rigorous academics, industry engagement, internships, and experiential learning, our students acquire the skills to create meaningful impact across functions and sectors. We value our industry partnerships and remain committed to fostering mutually beneficial collaborations.

We would be honored to welcome your organization to our campus and explore opportunities for engagement. I look forward to strengthening our partnership and supporting your talent acquisition needs.

With warm regards,
Mr. Amit Abrol · Head - Career Services, IMI
