Message from the CEO - IMI

At IMI, we are continuously adapting our programmes to the changing needs of business. We listen closely to recruiters, bring greater agility into our curriculum, and ensure that our students are exposed to the skills, technologies and ways of thinking that matter in the workplace today.

Our goal is simple: we wish to prepare our graduates to be role-ready from Day 1, not just with classroom knowledge but also with application of that knowledge and the skills required for the job. Our new cutting-edge curriculum prepares graduates to learn continuously, contribute to the organization quickly, and adapt as roles evolve. We value our recruiters as partners in this effort and look forward to working even more closely with you to develop talent that is relevant, capable and ready for the future of work.

Dr. Himadri Das
Director General – IMI Delhi

Message from the Director General

At IMI Delhi, we believe the true measure of a business school lies in the quality of graduates it prepares for the industry. Our strong relationships with recruiters are therefore central to our mission.

Today's business environment demands managers with analytical ability, agility, technological fluency, and sound judgment. Our programs combine rigorous classroom learning with industry engagement, live projects, internships, simulations, and leadership opportunities.

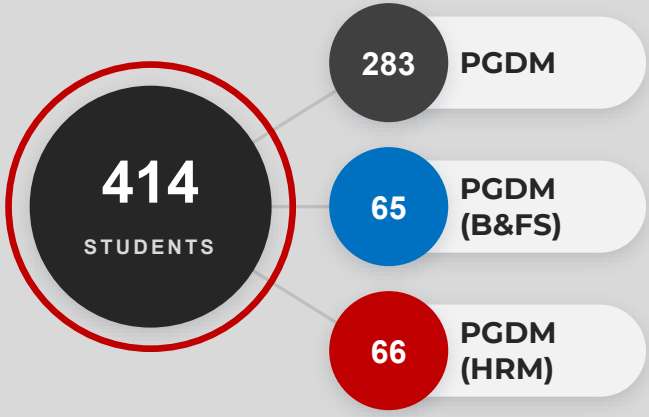

As organizations navigate rapid technological and business change, we remain committed to preparing graduates who can contribute from the outset and grow into positions of responsibility. We thank our recruiting partners for their trust, engagement, and support.

Dear Partners,

IMI Delhi is strengthening its industry connect through a revised, industry-aligned curriculum designed around evolving business requirements. Artificial Intelligence (AI) and Environmental, Social, and Governance (ESG) principles are embedded throughout our curriculum, so our students are equipped with the skills that modern organizations increasingly seek. This is complemented by experiential, credit-bearing projects that give both students and recruiters meaningful exposure to applied capabilities. Our profile-based admissions process brings together a diverse talent pool, including students with strong technology backgrounds. Across our PGDM, PGDM (BFS), and PGDM (HR) programmes, we focus on developing industry-ready professionals who bring dedication, innovation, and a fresh perspective to every role. As we look ahead to future talent needs, we warmly invite your organization to engage with IMI Delhi. We would be glad to explore our talent pool with you for hiring, projects, and long-term industry partnerships.
