GLOSSARY OF TERMS IN THE NEW CURRICULUM ARCHITECTURE

Finance Mandatory Courses (FMC)

Courses which are mandatory for students doing this program across the six terms, example Financial Mathematics, Corporate Finance, Financial Risk Management, etc.

Capstone Module (CM)

Capstone projects which covers **overall learning for the program**

Open Electives (OE)

Electives that are open to students from any career track

Business Core (BC)

Courses that are mandatory for students and provide core managerial capabilities beyond finance, example Managerial Communication, Critical Thinking, Strategic Management, etc.

Block Week (BW)

Curriculum comprises 2 block weeks, each delivering concentrated learning experiences that are immersive and experiential, with learning compressed to one course at a time that will be taught by leading industry experts

Lab Component (LC)

The 'Lab' component of the courses is designed to give students the experience of handling real-world business problems using unstructured and messy data.

Note : List of courses included from page 4 onwards
